DISTRESS DIARY (2)

#1

THE TRIO ARE LOST ON HONG MOUNTAIN
What? Lost? What about the mineral water?
Sorry...
Let me check if I get any reception to call for help
I'll check the map
As for me,
I'll find the perfect
SIGN for this mountain...

#2

I can't seem to get any reception here in the mountains...
But I can tell which way was my watch! Let's see, South would be
Seems as the moss is on this side, I think this side is North?
Looking at the state of the grass
The perfect SIGN for this place is Dirt!
